DEMING

From the Headlight.
M. L. Worrell, assistant cashier of the Deming National bank, left for a ten days' visit at Coyuntura, Tenn.

Lee Shipin is now the father of a girl, weight 7½ pounds. This is what causes that extra large grin on his face these days.

Little Joe Taylor, who has been very ill at the home of Mrs. J. B. Hodgson for several days past, is able to be out riding.

Ston Taylor Shannon of Clifton, Ariz., is in town. Mr. Shannon was at one time a wheelhorse in the democratic ranks of Grant county. Mr. Shannon was county commissioner and sheriff of Grant and a most efficient official he was too.

The Clark Liqueur company has now passed into the hands of Lem Young. Mr. Young bought the place of William Sprague, last Wednesday, and is now having the place thoroughly overhauled and remodeled and when again in shape for business this will be one of the coolest and best resorts in the city.

The editor of the Headlight visited Silver City last Sunday and found that town to be in a flourishing and prosperous condition, although the Sunday law is meeting with much disfavor among the citizens. Deming has one great advantage over that town in that Silver City has no club room where the citizens can go to spend a few hours, smoking rest and pleasure.

The Epworth League social given at the home of Dr. W. E. Spence and C. W. Jack was attended by a good crowd and everybody in attendance enjoyed themselves. The evening was spent in playing games and other amusements. Refreshments were served and at a late hour the guests departed for their homes, each expressing themselves as having been royally entertained.

A large force of men were put to work laying the stone foundation for the new opera house which is to be erected by the enterprising firm of Clark & Co. A good opera house has long been a great need for the city of Deming, and when it was announced that Clark & Co. were to erect such a building, our citizens knew that the project was not mere talk, as the simple announcement meant that Deming was to have a first-class playhouse, as this firm never does things by halves.

Do You Want Strength?

If you want to increase your strength you must do so in a proper way. The food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues, before being expelled from the intestine. Kodol Dyspepsia Cure acts on the physical. It gives strength to the system. It is pleasant to the taste and palatable, and the only combination of ingredients that will digest the food and enable the system to appropriate all of its health and strength giving qualities. Sold by all druggists.

LAS VEGAS

From the Optic.
Richard Dunn has returned to Rockada. He has quite recovered from the effects of his recent illness.

A Philadelphia society is circulating petitions by the endless chain system to make up a gigantic petition to have laws passed sufficient to stop the sale of cigarettes to minors. Some of these cards have come to Las Vegas. The end in view is not a new one, and the method employed of reaching the end will, if all respond, make a gigantic petition fast enough.

At a special master's sale concluded at the door of the court house W. E. Gertner sold to the First National bank an equity in the property recently owned by M. M. McShooler, corner Twelfth and Lincoln. The price was \$1,800. The property consists of three residences, barns, stables, corals and the residue of the transfer business. A considerable sum on mortgage is assumed by the bank.

T. J. Kage of El Paso, Texas, was in the city Thursday and Friday on private business. Mr. Kage has been president of the Texas Industrial Immigration association the past five years and gives a good report of industrial conditions in that state. The gentleman is an old newspaper man and experienced town builder and it is his opinion that Las Vegas will be a rank among the leading cities of this territory. A great deal depends on the co-operation of our people. A well patronized, board of trade or business men's lodge is always an evidence of a wide-awake modern town, and your advantages as a health resort are a fortune to transmit your "Grand Canyon" your hot springs and your fine, pure water to the Pecos, you might make your price and come back with a satisfactory bill of exchange on the next train.

Best Remedy for Constipation.
The fastest remedy for constipation I ever used is Chamberlain's Stomach and Liver Tablets, says Mr. E. H. Butler of Franklin, N. Y. "They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition." Sold by all druggists.

SAN MARCIAL

From the Bee.
Guy Rench, who recently married Miss Hatlie Broyles, is dangerously ill at his home down at Las Cruces.

O. P. Ingalis, of San Diego, Cal., left for his home after a ten days' visit to different points in New Mexico. While here he purchased 4,500 sheep, yearlings and two-year-olds.

The average price paid was about \$1.75 to \$2 per head. He shipped them to Los Angeles.

The band boys are to conduct the St. Patrick dance. It is the duty of the public to extend a liberal patronage.

The democratic primaries throughout the county are to be held on March 23, and the convention of that party at Socorro on April 6.

George and Harry Anderson superintended the driving and shipping of two cars of cattle to an Albuquerque butcher. E. W. Brown was also interested in the shipment.

Rev. Kott Hodgson, presiding elder, is to conduct quarterly conference here on March 17, and on that evening following he will preach from the pulpit of the Methodist church.

The kitchen and bathroom addition to the residence of Mr. and Mrs. W. H. Howard is nearing completion. This greatly improves the accommodations of an already attractive residence, and when the interior of the entire house reflects the skill of the painter and decorator now at work, this home will be one of the most charming in the city.

Mr. and Mrs. J. P. McMurray arrived from Newton, Kansas. Mr. McMurray carried but a short time, as his duties as traveling engineer demanded his attention. Mrs. McMurray became the welcome guest of her close friend, Mrs. J. H. Henson, but her numerous other friends have not been neglected in the meantime. This worthy couple have many friends—so many that the fact recalls Scott's classic: "There is perhaps no time at which we are disposed to think as highly of a friend, as when we find him standing higher than we expected in the esteem of others."

Saved from Terrible Death.

The family of Mrs. M. L. Bobbit of Hagerston, Tenn., saw her dying and were powerless to save her. The most skilled physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at all druggists.

SOCORRO

From the Chieftain.

Giberson, son of Mr. and Mrs. Cipriano Baca of Albuquerque, is visiting at the home of his grandmother, Mrs. Jas. P. Berry, on Eaton avenue.

Capt. Matthews has the new central telephone station on the second floor of the postoffice block in excellent condition. Everything is neat and orderly and works like a charm.

Some people are convinced that the water from the spring at the foot of Socorro mountain is warmer than it was before the recent earthquake shook the foundations of the earth in this locality.

Mrs. Lena B. Lincoln of Boston, Mass., mother of Prof. F. C. and Chas. T. Lincoln of the School of Mines in the city and will remain about a month as a guest in the home of her sons.

The attention of the city authorities is respectfully called to the fact that the roadside between the city and the School of Mines is being made a dumping ground for dead horses. In fact the custom of dragging dead animals out there and leaving the unsightly and unsavory carcasses near the road has prevailed a long time. This is hardly fair to the many people who travel the road from two to four times a day.

Joe E. Smith has been a very sick man for the last ten days. He first suffered an attack of pleurisy. This developed into pneumonia. Other complications have now developed and it is exceedingly doubtful what the outcome will be. The services of Miss Helen Hendrickson of Pittsburgh, Pa., a trained nurse of rare experience and ability, have been secured in Mr. Smith's behalf. Dr. Swisher has called both Doctor Crutcherbank of San Marcial and Doctor Baron of San Antonio in consultation. If medical skill and careful nursing avail, the patient will recover.

The Name Witch Hazel.
The name Witch Hazel is much abused. R. C. DeWitt & Co., Chicago, are the inventors of the original and only genuine Witch Hazel Salve. A certain cure for cuts, burns, bruises, scalds, Tetter, Piles, etc. There are many counterfeits of this salve, some of which are dangerous, while others are all worthless. In saying Witch Hazel Salve is that the name R. C. DeWitt & Co., Chicago, is on the box and a sure is certain. Sold by all druggists.

SANTA FE

From the New Mexican.

Assessor M. A. Ortiz is reported as seriously ill at St. Vincent's hospital. A number of spiritualists in the city have organized for the purpose of holding spiritualistic seances.

Benito Alarid, who underwent an operation of trephining the skull, has fully recovered and is able to be about.

Word was received in the city that the children of Territorial Game Warden Page B. Otero, who are ill with diphtheria at Los Angeles, are on the road to recovery.

Mathias Nagel and Miss Mamie Walker were married on Thursday at the Cathedral by Vicar General Poncecho. M. J. Nagel father of the groom, and Miss Walker, sister of the bride, were witnesses.

N. E. Stevens, grand master of the New Mex. grand lodge, I. O. O. F., who was in the city has taken up the charter and property of Myrtle Lodge No. 9, Daughters of Rebekah, the lodge having been suspended.

Sister Constance and Sister Lawrence of the Sisters of Charity, arrived from the mother house at Cincinnati.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures bad breath, sour flatus, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Ohio, and will be the guests at the sanitarium for a week. They are on an inspection tour of the establishment of the Sisters of Charity in this part of the country.

It has been decided by the government to erect buildings for weather bureau in all cities of less than 25,000 inhabitants. Something like \$10,000 will be appropriated for a building at Santa Fe. However, this is not definite yet, nor the time when the building will be erected as it is the plan to construct only five or six buildings a year.

The democratic county central committee met at the office of Judge N. B. Laughlin for the purpose of fixing the time of holding the primaries for the county convention last will select the delegates from this county to the territorial convention at Silver City on April 13. Arthur Seligman is chairman and Juan Delgado secretary of the committee.

Mrs. Oliver H. Perry of Cerrillos Road, had the misfortune a few days ago of having several of her ribs fractured in a runaway. She was thrown from the buggy in which she was riding and was struck by one of the wheels. Owing to her advanced age, the injury is quite serious, but the attending physician, Dr. W. M. Popplewell, expects recovery.

United States Deputy Surveyor J. Turley has returned from Nambé in the northern part of this county where he has been with United States examiners of surveys, W. J. Lightfoot. Mr. Lightfoot found that the surveys of the boundaries of the Nambé Pueblo reservation have been made in accordance with instructions and regulations of the interior department.

Escaped an Awful Fate.

Mr. H. Haglins of Melbourne, Fla., writes: "My doctor told me I had consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by all druggists. Price 50c and \$1.00. Trial bottles free.

So Sweet and pleasing in Taste.
Mrs. C. Peterson, one Lake street, Topeka, Kan., speaking of Ballard's Horchoud Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or cold; and it is so sweet and so pleasing in taste." 25c, 50c and \$1.00 a bottle at J. H. O'Reilly & Co.

Lincoln County Court.

The regular term of district court convened at Lincoln Monday. It is understood the court fund has its credit about \$4,500—enough for a lengthy term of court—but it is rumored that Judge Pope will hold court in Roosevelt county, beginning the third Monday to this month, and should this prove to be correct, a little less than two weeks will be all that can be devoted to Lincoln county.

Walter E. Heltzman's Trinidad orchestra will furnish the music for the Brotherhood of Locomotive Firemen's 9th Patrick ball at Raton, and this fact is sufficient guarantee that the occasion will be a most enjoyable one as well as one of the biggest events of the season.

SANDOVAL REPUBLICANS

Harmonious Convention Held at Town of Bernalillo.

DISTRICT ATTORNEY CLANCY DENOUNCED

The convention was called to order by Hon. E. A. Miera, member of the territorial republican central committee for Sandoval county, who read the official roll call and explained the object of the convention.

Mr. Miera then announced that nominations were in order for a temporary chairman and secretary.

Upon motion duly seconded and carried, Mrs. Marvosa C. de Baca was unanimously selected as temporary chairman. A committee of two was appointed to escort the chairman to the stand. Mr. Baca in a neat and short speech acknowledged his thanks to the convention for his nomination and for the honor of being the first chairman to preside at a republican convention for the new county of Sandoval.

Upon motion Mr. Abel A. Perez was selected as secretary.

A committee of one member from every precinct was appointed to act on the committee on credentials. After being out for a half hour the committee on credentials returned and submitted a list of delegates from the different precincts as regularly entitled to seats in the convention.

Upon motion a committee on permanent organization was appointed by the chair to report at 2 p. m., until which hour the convention took a recess.

Promptly at 2 o'clock the chairman called the convention to order.

The committee on permanent organization made the following report:

For permanent chairman, E. A. Miera; for vice presidents, Juan Dominguez, Francisco C. de Baca, Colito Sandoval, Jose Rafael Mora and Pascual Mora; for secretary, Abel A. Perez; for assistant secretary, D. P. Hovey.

A committee was appointed, upon motion, to escort the chairman to the stand. Mr. Miera upon assuming the chair thanked the convention for the honor conferred and made a very able speech upon the assured success of the republican party this year, nationally, territorially and locally, commending upon the harmony that existed in the ranks of the party in Sandoval county as shown at the convention by the full representation from every precinct, there being only two proxies.

The vice presidents thanked the convention for the honor of assuming their seats.

Upon motion a committee on resolutions was selected as follows: Jose Manuel Montoya, chairman; and one member from every precinct represented. The committee after being out for one hour presented to the convention the following resolutions which were unanimously adopted:

Resolved, That the republicans of Sandoval county in convention assembled, do hereby reiterate our adherence and fealty to the old time-honored principles and policies of the republican party as enunciated at the last national republican convention held in the city of Philadelphia, in the year 1896.

We endorse and are in full accord with the national republican administration at the head of which stands foremost in true Americanism and for the best interests of our country, Theodore Roosevelt, our president, who we expect shall lead the national republican party to victory next fall.

We deplore sincerely the death of that eminent statesman and philanthropist, one of the natural born leaders of our nation, Hon. Marcus A. Hanna.

We endorse and uphold the administration, headed by Governor M. A. Otero, which has upheld the material and educational interests, standing and good name of our territory.

We commend our judiciary as an able, honorable and impartial body, being a credit to the republican administration and to the people of the territory of New Mexico.

We declare ourselves in favor of statehood for the territory of New Mexico, convinced that we are entitled to admission on our own merits and resources and as guaranteed to us under the treaty of Guadalupe Hidalgo.

We declare ourselves in favor of establishing the county seat of Sandoval county permanently at the town of Bernalillo, said town being more centrally and conveniently situated to all sections of the county and to that end we shall direct our efforts at the next session of the territorial legislature, and use all honorable means in our power to attain this end.

We commend the services of Hon. Frank A. Hubbell to the republican party as chairman of the territorial republican central committee, having through his good management, leadership and efforts attained for the republican party in this territory two of its most brilliant victories; and we have full confidence in his political management.

We most emphatically denounce Frank W. Clancy, present district attorney of Lincoln county, for using his office for political persecution of some of the leading and highly respected citizens and officials of old Bernalillo county, of which we were a part as shown by his mean, underhanded action in writing and sending broadcast scurrilous private letter circulars, over his official signature, showing that he is prejudiced and influenced by personal enmity to the parties.

We most emphatically denounce the arch-enemy of the territory of New Mexico, Senator Beveridge of Indiana, for his unrelenting and persistent attacks against the people of New Mexico in our efforts to obtain admission as a state.

We sincerely approve and endorse the administration of the following officials of the county of Sandoval, Hon. Nicolas de la O, our probate judge; Mr. V. E. Miera, county assessor; and O. P. Hovey, probate clerk; and we emphatically condemn the arbitrary actions of the board of county commissioners, Esquipula Baca and Ignacio Cordero, also the school superintendent, J. B. Archuleta. We also denounce the action of Manuel Baca, treasurer and ex-officio collector, for having placed as delinquents on his tax lists some of our best and most honorable taxpayers, having made a double assessment not warranted by law, the board of equalization already having passed over said assessments.

We unanimously recommend that the delegation of this county be instructed to cast their vote for Mr. W. E. Dams, clerk of the district court of the Second judicial district, for delegate to the national republican convention at Chicago.

The following were selected as delegates to the territorial convention at Las Vegas: Alejandro Sandoval, J. M. Montoya, E. A. Miera, V. E. Miera, E. Perez, Jose L. Miller, E. M. Sandoval and Cornelio M. Sandoval.

After the election of delegates the following gentlemen made addresses suitable to the occasion and of the opening of the campaign for this year: E. A. Miera, J. M. Montoya, Labrado C. de Baca, Paulino Montoya.

Upon motion the convention adjourned sine die.

POLICE COURT.

When police court opened this morning fifteen tough looking citizens lined the benches, and their deeds varied from being drunk and disorderly and guilty of begging something to eat to the grave and cold blooded deed of taking from a sick man his last cent on the pretense of being a practicing physician.

John Belley lives at the Scott's rooming house on First street. He is a sufferer of consumption and the disease has made such inroads into his body and mind that he is barely able to walk without assistance and can hardly speak intelligently.

Had it not been for his meagre mental condition, William Pierce, a big husky, liquor swollen, brawny on humanity, would not have imposed on him and stole from him his last \$5 on the strength of his smooth talk and pretense of being a doctor and promise of ready relief.

Pierce tried the sick man's pulse, looked wise and said that he knew what his trouble was and that he would cure him. He even tried the sick man's pocket book, took from it \$5 and then tried to run away. The police were notified and Pierce soon was under arrest, and for the 75 cents of the \$5 he spent, he will do ninety days in the county jail. The court was sorry that he could not make the sentence a year. It was a very cowardly act and Pierce may be indicted for practicing medicine without a license.

Four vagrants were given a term on the chain gang and one drunk was fined \$5.

Jose Dominguez, who rode into a house and was disorderly, was committed to the county jail for sixty days.

BURIED IN FAIRVIEW.

The remains of Mrs. Mary Ann Boone, whose tragic death occurred some time Wednesday night in the Sanchez apartment house on South Second street, were laid to rest at Fairview cemetery yesterday.

It was the sad ending of an earthly life: not a single carriage followed the hearse to the cemetery and only the undertaker and his helper and a broad blue New Mexico sky witnessed the black cloth covered casket as it was lowered into the grave.

Was such a leaving as befit the old lady, struck down by an assassin and given unto the earth without a tear of a friend, the reward of a sinful life, or is it more blood on the untidy person who took her life.

Although the police have been alert, nothing of importance concerning the murder of Mrs. Boone has been discovered. The closing of the coroner's inquest Saturday afternoon left the officers of the law as much in the dark as when the released the Trujillo family. They have some very well defined clues and they all seem to point in the same direction, but following them requires precautions and definite work, so that the public cannot expect much more regarding the case until an arrest is made. However, this may occur at a very early date, or it may not occur until court is in session and indictments have been made.

Warm weather and the annual cold strike will soon be here.

Never Disappoints.
Winans, proprietor of the Hamilton Drug Co., Hamilton, Iowa, says Chamberlain's Cough, Croup and Diarrhoea Remedy is practically the only remedy he sells for croup, whooping cough and cold, for the plain reason that it never disappoints. For sale by all druggists.

A COUGH CONUNDRUM

When is a cough more than a cough?
When it's a settled cold.
When it hangs on in spite of all you can do. Cough mixtures won't cure it because they are merely for a cough and this is something more.

Scott's Emulsion cures the cough because it cures the something more. It heals and repairs the inflamed tissues where the cold has taken root and prevents its coming back.

We'll send you a sample free upon request.

THE SLEEPING VOLCANOE.

By Mrs. Schenck.
On the purple haze of evening,
Wrapped in mystery they lie,
Overshadowing the Rio Grande,
Their heads against the western sky.

Through centuries of slumber deep,
Strange visions passing to and fro,
Now them the havoc they have wrought,
The misery and human woe.

From the dim past the visions come,
The past that to us is unknown;
The secrets we cover they hold,
And share them with nature alone.

We know not what fires of remorse
Burn deep in the mountain breasts;
We cannot know what storms of grief
Have bent upon their aged crests.

We saw that their once haughty heads
Were lower and lower each year;
And their once flowing lava streams
Lied locked in silence, cold and drear.

Will they sleep through coming ages
As they have slept in ages past?
Or, through long, dark halls of mist,
Send, in deep tones, their trumpet blast?

Purple haze is lost in twilight,
And, as I westward gaze again,
Twilight merges into darkness—
All my questioning is in vain.

A VISITOR FROM WINSLOW.

Dr. George P. Sampson, a prominent physician of Winslow, Ariz., is in the city today, talking statehood and transacting business.

The citizen is indebted to the doctor for the following interesting paragraphs.

George W. McAdams, the popular Indian trader, has left Winslow for Los Angeles, to recover from an attack of neuralgia.

The supervisor of the board of health of Navajo county says that scarlet fever and diphtheria, which has been prevalent for some time, is about stamped out.

The new bank building is progressing rapidly and will be ready for occupancy in about sixty days.

Mrs. Frank Hicks is building a fine brick residence on the old Homestead corner, Winslow.

T. J. Hesser, Winslow, has leased the Navajo building to O. B. Sutton and Tom is going to take a rest for several months.

The ladies of the Catholic church of Winslow are preparing for a grand ball on Easter Monday.

Every enterprising citizen of Winslow is now busy putting out laws, the outlook for water being good since the new system has been in operation.

The railroad company is busy putting in a new ice house on the site of the one destroyed by fire a few days ago.

The Winslow Mail is increasing its circulation and patronage largely under its new management. It is a pleasant place to drop in and exchange news items.

BATTLE WITH TRAMPS.

Terrible must have been the onslaught of the three American tramps, who shot and killed Leonardo Eves and beat into insensibility Victor Ybarra, two natives, in a box car on a Santa Fe train near McCarty's place on last Friday night. The victims were originally from Las Cruces, but had been employed as flump, and boarding a Santa Fe freight train, were beating their way to Albuquerque. Near Grants three tramps entered the box car and were riding in and attempted to rob them. They resisted and a fierce battle ensued. After the males the tramps plied the clothing of the natives and threw the bodies from the car door, thinking, presumably, that both were dead.

Saturday morning Ybarra recovered, and although badly bruised and battered, managed to reach Chino, where the alarm was sounded, and a movement was started to capture the murderers.

A hand car was sent out and the remains of Eves were taken to Las Cruces, where a coroner's inquest was held.

Ybarra was put aboard passenger train No. 8 and brought to this city, and taken to the Santa Fe hospital, where the doctors say he will recover. His head is badly bruised, as if having been beaten with the handle of a heavy pistol. His arms are sprained and his face and neck scratched and lacerated.

SAN MIGUEL REPUBLICANS

The Stairwits, Known as the Straight Republicans, Capture Delegation.

COL. R. E. TWITCHELL ENDORSED

After a lively political battle, in which the straight republicans completely outwitted and outgeneraled the go-go faction of the republican party or San Miguel county, the convention at Las Vegas adjourned at midnight Saturday.

For the stairwits, Hon. Margarito Romero and Zacharias Valdez lead the fighting, and through their good work Col. John H. Clark and his delegates from the city of Las Vegas were seated in the regular county convention.

Judge Charles A. Spence and Sergio Romero championed the go-go side and although they poured out rhetoric in large doses to the convention they were defeated—that is, George W. Ward and his delegates from the city of Las Vegas failed to secure reelection.

To the territorial republican convention the following delegates were chosen to represent San Miguel county after the convention had endorsed Col. R. E. Twitchell as one of the New Mexico delegates to the national convention.

Albino Gallagor, Felipe Delgado, Rogelio Romero, Zacharias Valdez, Gregorio Gutierrez, Margarito Romero, Epifanio Quintana, J. M. Quintana, Charles Romero, Canuto Romero, J. S. Clark, R. E. Twitchell, H. G. Conner, C. C. Gies, A. T. Rogers, Jr., D. C. Whittier, R. F. Forsythe, Ignacio Lopez.

Resolutions.

The republicans of the county of San Miguel, in convention assembled, reaffirm their allegiance to the principles of the republican party of the nation and congratulate ourselves upon the accord and harmony which has characterized the deliberations of this convention.

We endorse the official acts of the national administration in all its branches in upholding the national honor, in its stand for civilization and progress and in faithfully carrying out the policies of the party as voiced by the great McKinley and point with honor and satisfaction to the record of his constitutional successor, President Roosevelt, in his fearless administration of the duties of his great office, in his enforcement of the laws, regardless of the social rank, station, political or financial, of those brought to the bar of justice for violation thereof.

We recognize in President Roosevelt a man of lofty ideals, fearless purpose, unswerving integrity, coupled with an appreciation of justice and fair treatment to rich or poor, high or low, which commands him to the nations of the earth as the true citizen ruler.

We endorse the administration of Governor Miguel A. Otero.
